

ED Rapid Cardiology Referrals in the Providence Instance of EPIC

1) In the Dispo Screen enter a new discharge order for “REF12SWA”

You must select “Database” to find the order

The screenshot shows the EPIC Dispo screen. On the left is a blue sidebar with a 'Dispo' icon. The main area has tabs for 'Summary' and 'Orders'. Under 'Orders', there's a search bar with 'REF12SWA' and a 'New' button. Below this is a 'Database' button circled in red. The search results show a table with one entry: REF12SWA, AMB REF TO SWEDISH CARDIOLOGY - GENERAL (MULT LOC), Output Ref.

2) Fill out the order

- a) Indicate the campus at which the patient prefers follow up
- b) Make sure it is marked “Urgent” OR “STAT”, and NOT “Routine”
- c) Write “ED Rapid Referral for _____” in the comments section

The screenshot shows the EPIC Ambulatory Referral form for Swedish Cardiology. The form has several fields: Class (Internal Ref), Referral (To dept: SMG SHV CHERRY HILL 4TH FL, circled in red), To dept spec (Cardiology), To provider (empty), To prov spec (empty), Reason (Specialty Services Required, circled in red), Priority (Urgent, circled in red), By provider (SELANDER, DAVID), Type (Evaluate & Treat), # of visits (1), Process Inst. (Vascular ultrasound performed at Edmonds only), RefType (Evaluate & Treat), Status (Normal, Standing, Future), Priority (STAT, circled in red), and Comments (ED rapid referral for afib, circled in red). The form also has 'Accept' and 'Cancel' buttons at the bottom.

3) Insert “CARDIOLOGYRAPIDREFERRALS” into your discharge instructions.

You can share this from David Selander or Brenna Born.
